INFORMATION DISCLOSURE STATEMENT UNDER 37 CFR §1.97(b)(3)

Applicants submit herewith patents, publications or other information of which Applicants have recently become aware and in respect of which there may be a duty to disclose in accordance with 37 CFR § 1.56. In accordance with 37 CFR § 1.98, along with the submitted documents, a listing of the patents and publications is set forth on the attached page of Form PTO-1449.

The attached documents were cited by the European Patent Office in the International Search Report for the PCT application corresponding to the present U.S. application. A copy of the International Search Report, with patent family annex, is attached. The Search Report was received by Applicant on October 20, 2003.

Please note that of the four (4) documents cited in the Search Report, one of the documents, US 3,881,889 to Hunkeler, was provided by Applicant to the PTO with the filing of the present application. Therefore, only the three (3) remaining documents are being submitted.

Although no English translation accompanies the cited French document, the requirement for a concise explanation of relevance is believed met by the submission of the International Search Report which is in English (1135 OG 14).

To the best of Applicant's knowledge, this IDS is being filed prior to the mailing date of a first Office action (since Applicant has not, to date, received a first Office action) and, therefore, no additional documentation or fee is believed necessary.

If the Examiner has any questions, he/she is cordially invited to telephone Applicant's Agent at (585) 461-8071. Should any additional fees be required in order that this paper or its attachments be deemed a complete and timely response, the Commissioner is hereby authorized to charge Deposit Account No. 07-1425 for any such fees.

Respectfully submitted,
